Oshkosh, WI 54902

Dear Doug:

Thank you. Every day at Children's Hospital of Wisconsin, children come through our doors scared, sick, hurt. Their parents are often feeling scared too. But quickly, we are able to provide comfort and hope. Whether it's for a life-saving bone marrow transplant on an 11-year old girl who has traveled from Florida and will remain here for at least the next 3 months; or the first of three operations on a 5-day-old boy from Milwaukee with a heart that didn't properly develop; or even a tonsillectomy on a child who's had chronic infections, each of these families come to us to provide the very best care backed by the latest research. We're so grateful for the gift of \$15,000 from the annual Fox Valley Motorcycle Show, supporting the work we do.

Children's Hospital and Health System is very unique in the country because of the wide reach of our services, which includes our medical care, as well as advocacy, research and education. In each of these areas, we are rewarded with smiling faces and grateful embraces. With your help, we are able to provide these services to EVERY child who comes to us, regardless of a family's ability to pay.

So, once again, thank you for your support and belief in the care we provide.

Sincerely,

Denise L. Hajos
Fundraising Manager
